 - d) Voting shall be by Google Form secured through a Unique Voting Identification Number, and a double-blind ballot (meaning those tabulating the votes shall not have access to which unique voting code is associated with which voting member) and a ballot to be counted must have all positions filled with no duplications (This prevents attendees

 - ii. The chair shall give clear notice to the participants that they must vote for the allotted number of candidates.

 - iv. The chair will give the participants 20 minutes to complete their ballots, and ask voting participants to check their ballots before turning them in.
 - v. After submission a voting member, while the voting window is still open, may request from a Sargent at Arms to check whether their ballot is spoiled due to equal division problems, and submit another ballot.
 - vi. Ballots will be emailed to all voting members at the commencement of the voting window, and provided in the Zoom Chat.
 - vii. The balloting window will remain open for no less than 20 minutes.
