

The initial meetings of the WSDCC have been the reorganization meetings. I am attaching notes that were taken by Mary Bryant (in Word) and they are better than the ones that I took. Thanks Mary. Also, I've attached the official after-action report from Drew Estep (in .pdf). It is large but some may want to see the election tabulations and the resolution texts.

So far, we have not been confirmed in our appointments to any committees yet. But we will let you know.

Lastly, as Kathy tried to report at our E-board zoom(garbled internet), we had an initial meeting with the local State Committee Persons for the County, 23rd and 35th. The eight of us plan to keep meeting among ourselves regularly to keep us all informed of local issues. That way we will really get more input and output from more committees and caucuses.

Request. Kathy and I plan to be available at as early as 6:15 for General 23rd LD meetings to discuss with any and all what is going on at the WA Dems state level. We figured that we could well use that informal half hour. Further, the extra 15 minutes gives us time for the internet connection difficulties that are inevitable. Can there be a breakout room set up at the beginning, that folks can either ask to be move to or self-enter?

Thanks, Ted
